ABOUT US

FOOD MANUFACTURING ROOTED IN VIETNAM

Established in 2012 in Hanoi, Vietnam Libra Co., Ltd. manufactures bakery items, savoury snacks, nutritional foods, and chocolate at its facility in Thach That – Quoc Oai Industrial Park.

LIBRA distributes products to retail and e-commerce partners nationwide across Vietnam, while exporting to nearly 20 international markets through proprietary brands and select contract manufacturing projects.

VISION

LIBRA strives to ensure Vietnamese food is chosen globally for its quality, not low prices.

MISSION

LIBRA makes delicious food with transparent labeling, giving consumers complete confidence in every choice.

Core values

01

Prosperity

We foster sustainable growth alongside partners through steady supply, reliable quality, and mutual economic benefit.

02

Fairness

We uphold transparent commercial terms, shared responsibilities, and equitable trade practices across all partnerships.

03

Integrity

We operate strictly against agreed technical specifications, verified safety records, and honest product information.

OUR HISTORY

KEY MILESTONES IN OUR DEVELOPMENT

2012 Vietnam Libra Co., Ltd. was established on 20 September 2012 in Hanoi.

2022 On 20 September 2022, LIBRA marked its 10th anniversary, commemorating a decade of expanding production and growing domestic distribution.

2022 LIBRA achieved ISO 22000:2018 food safety management certification from QRS for manufacturing bakery products, confectionery, and nutritional cereal powder.

2025 LIBRA completed food facility registration with the US FDA, confirmed through its designated US agent Vexim Global.

2026 Today, LIBRA manages eight proprietary packaged food brands with nationwide domestic coverage and export shipments to nearly 20 international markets.

PLANT OPERATIONS

FACTORY OPERATIONS AND PRODUCTION STANDARDS

At our manufacturing plant in Hanoi, LIBRA operates continuous production stages from dough sheeting and non-fried tunnel oven baking to automated packaging and technical warehouse storage.

Bakery

Our bakery line produces biscuits, butter cookies, and stick biscuits baked continuously in tunnel ovens, offering flexible packaging formats for wholesale and retail distribution.

Snacks

We manufacture savoury crackers, seasoned snack biscuits, and crispy rice crackers, formulated for balanced seasoning and lasting crisp textures.

Nutritional products

This category includes cereal bars, energy bars, protein bars, and nut bars combining wholesome grains with almonds or cashews for convenient daily snacking.

Chocolate

We produce chocolate confectionery for everyday consumption and packaged gifts, with formats adaptable to seasonal retail campaigns.

Quality and safety controls

Quality control is maintained throughout every production stage from raw material intake to final dispatch, with full batch documentation for compliance verification.

01

Raw material inspection

Material specifications and supplier documentation are verified upon delivery to ensure safety criteria and traceability.

02

In-line production monitoring

Operating parameters and process checkpoints are monitored continuously to identify deviations and record corrective actions.

03

Finished product inspection

Finished goods, packaging standards, and batch records are fully confirmed before delivery release.

04

Batch records and traceability

Material, production, and dispatch logs are linked by batch number to ensure clear traceability should a recall occur.

VERIFIED COMPLIANCE

FOOD SAFETY REGISTRATIONS AND CERTIFICATES

LIBRA operates in compliance with recognized food safety standards and official registration records. Buyers can request copies of current certificates and certified scopes for review.

BRAND PORTFOLIO

EIGHT PACKAGED FOOD BRANDS BY LIBRA

LIBRA develops eight distinct brands across biscuits, crackers, nutritional snacks, and chocolate, helping buyers match products to local channels and consumer tastes.

Atela

CRACKER RANGE

Atela crackers come in corn, potato, vegetable, black sesame and cheese flavours.

Nutrinut

GRAIN AND NUT BARS

Nutrinut cereal bars combine grains with almonds or cashews. Check each product's label for its ingredient information.

Braka

COFFEE BISCUITS

Braka brings coffee flavour to biscuits. Explore the range and available pack sizes.

Pingo

MILK STICK BISCUITS

Pingo milk stick biscuits offer a slim biscuit format for a snack break.

Coconut

COCONUT CRACKERS

Coconut combines coconut flavour with a crisp cracker texture.

Oceanfish

SEAFOOD-FLAVOURED BISCUITS

Oceanfish offers seafood-flavoured biscuits for those who enjoy savoury snacks.

KOME

RICE CRACKER RANGE

KOME cheese rice crackers combine a crisp texture with cheese flavour.

MARKET PRESENCE

DOMESTIC DISTRIBUTION AND EXPORT DESTINATIONS

LIBRA supplies products nationwide across Vietnam and regularly fulfills export orders, coordinating closely on product labeling, trade terms, and delivery schedules.

Domestic market

Products are distributed nationwide through a network of regional distributors, retail points, and e-commerce platforms.

Export markets

LIBRA exports food products to nearly 20 international markets across Asia and other regions, supporting buyers with destination compliance, trade documentation, and required packaging adjustments.

Korea · China · Taiwan · India · Bangladesh · Thailand · Laos · Cambodia · Libya · United States · Japan · Hong Kong · Saudi Arabia

Export documentation provided

- Certificate of Origin (C/O)
- Health / food-safety certificate
- Halal certificate
- U.S. FDA facility registration
- Packing list & commercial invoice

COMMERCIAL OPTIONS

COOPERATION PATHWAYS FOR BUSINESS BUYERS

We offer structured business models tailored to importers, retail operators, and brand owners, with dedicated commercial support for volume planning, labeling, and delivery.

LIBRA brand distribution and importing

We prioritize supplying our eight established LIBRA brands to importers and regional distributors, backed by product dossiers, compliant labeling, and recurring order replenishment.

Retail chains and e-commerce

We supply packaged goods directly to supermarket operators, retail chains, and online platforms, providing verified specifications, approved listing assets, and reliable dispatch dates.

OEM and private label manufacturing

OEM and private label manufacturing are available on a select basis, such as our production of the PLAY line for PLAY Nutrition. Projects proceed based on technical feasibility, approved samples, and written IP agreements.

Cooperation process

1. **Submit enquiry**
   Share your company profile, preferred product lines, destination market, and estimated order quantities.
2. **Review samples**
   Receive and assess physical product samples for taste, texture, and packaging presentation.
3. **Agree specifications**
   Confirm technical product specifications, supplementary labeling, required certificates, delivery terms, and lead times.
4. **Production and inspection**
   Goods are manufactured according to approved parameters, supported by in-line quality checks and complete batch records.
5. **Delivery and replenishment**
   Orders are dispatched with complete shipping documentation, followed by planned coordination for recurring replenishment.

CONTACT LIBRA

PARTNER WITH LIBRA FOR DEPENDABLE FOOD MANUFACTURING

We welcome dialogue with food importers, regional distributors, and brand owners seeking consistent quality and stable supply. Contact our commercial team to start your product review.
